OLD BELL is lowered from roof of courthouse, in top picture, by crane after workmen used rolling scaffold to move it to the edge. At left, County Commissioner LaVert McKinney "tests the tone" after bell is placed on lawn. Next picture shows men guiding the bell as the crane places it near the east entrance, where it awaits final moving to the first floor hall in the courthouse.

## Yoe Cagers To Face Luling In Bi-District

Injunction Hearing Continues

Attorneys for both principals in the injunction hearing of Dr. W. R. Newton vs. Dr. L. L. Nigiazko restated their positions and gave closing arguments Wednesday in 20th District Court.

Tuesday morning Dr. Newton was first on the stand. He testified that Dr. Nigiazko would be violating the terms of their contract by opening a clinic in Rockdale. Dr. Newton claimed such a move would be damaging to Newton Clinic, and that Dr. Nigiazko had threatened to close the clinic. He also stated that Dr. Nigiazko had threatened his life at one time, and had displayed general unbecoming conduct.

Joe Harkleroad, assistant administrator at Newton Memorial Hospital, testified generally in support of Dr. Newton's statements. Other witnesses for Dr. Nigiazko testified to the shortage of doctors in Cameron and Rockdale. Dr. William Andrew of Bryan stated that there is an acute shortage of doctors and that there is no competition between the doctors now in practice. He also said a practice by Dr. Nigiazko in Rockdale would not be damaging to Newton Clinic.

Doctor Nigiazko took the stand and denied he had threatened Dr. Newton's life. He said Dr. Newton had threatened his life. He also denied any plans or threats of closing Newton Clinic.

Final decision on the injunction will be made by Judge D. B. Wood, former Williamson County District Judge, presiding in place of 20th District Judge W. C. Wallace, who is presiding in court in Austin.

Judge Wallace disqualified himself prior to this hearing.

Councilmen Hear City Problems

City Councilmen Tuesday evening viewed a dwindling street and sanitation budget, heard police car needs, and learned that a city-hired engineer has been paid twice.

Extra work for sanitation crews and unbudgeted street maintenance have caused those department budgets to run over. Supt. J. B. Earle told the councilmen.

Councilman R. W. Wells noted that maintenance demands made on Earle's departments by the council and mayor contribute to the budget's woes, and a recent survey of street needs recognized the problem of limited funds.

Following discussion, the council moved to have a report made each month on the condition of the departments' budgets.

Police Chief John Shearin requested a new police car siren and reported that another police car's radio is "about shot." Council decided to look into buying the siren, but said the radio would have to get by on repairs for the present.

Mayor Perrin told the council that Walter Albritton, consulting engineer contracted by the City to draw up a master plan in connection with the City's improvement program, had been paid twice, according to information he received from the Economic Development Administration office at Austin.

Contract called for Albritton to receive 80 percent of his fee when the plan was completed, and the balance later. The City paid the engineer, then Perrin was notified that EDA had recently paid Albritton \$8300 for the same work.

The Mayor told councilmen that he asked the EDA office to hold up payment, but it had already been made to the engineer, who assigned the check to a Dallas bank.

Councilmen voiced puzzlement over Albritton's actions, and called it an "unusual situation." Immediate action to recover the overpayment was urged, with a Wednesday morning phone call by Mayor Perrin to Albritton as the first step.

In other business, the council approved routine reports and bills.

### RANCHER FILES FOR TRUSTEE

Sherman Mayfield, local rancher, has filed for a place on the ballot of the April 4 trustee election in the Rogers Independent School District.

With the two incumbents who had previously filed, Woodson Waits and H. H. Wright, that makes three candidates for two positions on the ballot.

March 4 during school hours will be the last day for filing for a place on this ballot. Trustees serve for three-year terms.

### Two Houses Burn In Night Fire

Fire swept through a frame house on South Jefferson Street about 11:30 Monday night, completely destroying it and igniting the house next door.

Occupants of both houses were gone from home at the time of the fire and no one was injured. Neighbors reported that Mrs. Dorothy Taylor, who rented the house that burned down, was out of town. Mrs. Ethel Moore, who lived in the other house, was at her daughter's home when the fire started.

All the contents and furnishings in Mrs. Moore's home were lost when the house caught fire from the nearby flames.

Firemen and neighbors experienced concern about Mrs. Moore, who is elderly and crippled, until it was determined that she was not in the burning house.

Clothing for children whose belongings were lost in the fire has been requested by the school social services department.

Needed are clothes for girls, size 7 junior and size 8, and boys sizes 4, 5, and 6. Also anyone having furniture to give is asked to call 7-3641. The clothes may be taken to the school tax office.

### SENIOR PLAY

"Strictly Formal," a three-act comedy, will be staged by Yoe seniors on two nights, Friday and Saturday, in Ben Milam cafeteria. Admission is \$1 for adults and 50 cents for children. The play starts at 7:30.

## Courthouse Bell To Move Inside

The old brass bell that chimed the hours from atop Milam Courthouse for nearly fifty years will soon have a place inside, restored to its original gleam.

When a huge crane lifted the old bell down from the roof to the courthouse lawn Monday afternoon it was the first glimpse for many countians of the bell that they said "could be heard from way, way off."

A platform will be built to hold the bell and it will be placed in the wide hall on the first floor of the courthouse.

Designed to be struck by a clock-activated gong, the bell has no clapper. The clock was housed in a steeple added to the present courthouse about 1893, and bonged out the hours until about 1938 or 1939, when the steeple was removed during renovation.

The bell was cast at McShane Bell Foundry, in Baltimore, Md., in 1891, according to the trade mark on it.

Weighing at least 1000 pounds, the bell, which is about three feet in diameter, presented a moving problem when county commissioners decided to put it in the courthouse.

County Judge O. B. Harden arranged to have the crane from Waco Construction Co., which has been working at the St. Edward Hospital building site, lift the bell from the courthouse roof and lower it to the lawn.

Plans also called for the crane to ease the bell through the east door and into the courthouse hall, but the operator said it could not be done without damaging the stone entrance.

Judge Harden said a utility company truck will be used to move the bell inside when the platform is ready, probably next week.

Meanwhile, scads of brass polish, rags, and elbow grease will have to be expended to remove the bell's green patina of age.

Yoe had a rough time during the early part of their pre-district scheduled winning only five of their first 14 ball games. They closed the pre season with four victories in a row and carried over into district play with four more wins before dropping their only district contest to Round Rock.

After the loss to Round Rock Cameron came back strong with five straight conquests, including their 53 to 52 vengeance over Round Rock, for their first district basketball championship in 17 years.

Coach Ron Murdock has a dream of taking a basketball team all the way to a state championship.

## Ronnie Is QB Trophy Winner

Ronnie Richardson was named "Player of the Year" and Cindy Nigiazko, Football Sweetheart at the Yoe Booster Club banquet Monday night.

Joe Musick was named "Outstanding Booster of 1969" by outgoing Booster Club president John Schigut.

Guest speaker was "Catfish" Smith, promotion director for the Baylor Bear Club in Waco. He described winning and losing as being "habits" and urged the young athletes to "do your best."

Smith noted that "rebellious destroys character," and that the self-discipline which is the price athletes must pay, will pay off in a successful life.

Smith was introduced by Yoe Head Coach Hal Stanislaw, who also presented the high school cheerleaders. Introduction of team members was by Coaches Price Minter and Ernie Laurence. Basketball coach Ron Murdock did the honors for the Yoe cagers.

Cindy Nigiazko, daughter of Dr. and Mrs. L. L. Nigiazko, received a bouquet from tri-captains Johnny Steamer, Ronnie Richardson, and Bill Perrin, who bestowed the traditional players' kiss.

A plaque of appreciation was presented to Schigut by Ben Hardy Bailey, 1970 Booster Club president.

Master of ceremonies was Gene Smitherman.

BOOSTER CLUB President John Schigut, left, presents the trophy to Ronnie Richardson, named outstanding player of the year at the

annual Football Sweetheart Cindy Nigiazko is pictured on page 4.

The sound was recalled with nostalgia by several "sidewalk superintendents" Monday afternoon when the old bell was lowered from the top of Milam Courthouse.

Dating from 1893, the brass now covered with a coat of green tarnish, the bell counted the hours for Milam Countians for nearly 50 years.

It was housed in a steeple atop the courthouse and was sounded by the clock in the tower. The steeple was taken down about 30 years ago and the bell remained, silent on the windswept roof.

County commissioners are planning to put the bell on a platform for display in the first floor hall of the Courthouse.

A huge crane was required to lower the 1000-pound, nearly two inch thick bell to the lawn, where it can be seen now.

Many spectators remarked that they'd never seen the bell, but at least one man remembered seeing it each time he climbed to the steeple to catch pigeons when he was a boy.

"You could hear it a long ways off," one old-timer said, sounding rather sad that it rang no more.

## Cub Scouts Set Banquet

Fifty Cub Scouts, Webelos, their parents and guests will gather Monday night for the annual Blue and Gold Banquet at Methodist Fellowship Hall.

Guest speaker will be Ron Derry, Texas District Scout executive. The banquet will start at 7:30 p.m.

The young Scouts are all members of Pack 213, which includes three Cub Scout dens and one Webelos den. Cubmaster of the local Pack is Fredwill Hornung.

Badges and awards will be presented during the evening, and den mothers will be recognized.

FARM BUREAU MEETS

Milam County Farm Bureau will meet Friday, Feb. 20 at 7:30 p.m. in the Thorndale High School cafeteria. The cotton program will be discussed by Fred Elliot of A&M University.

## Rites For F. Newton

Frank Newton, 54, died at his home in Weatherford early Saturday night.

He was born January 26, 1916 at Milano, and was a former resident of Cameron. He was an architectural supervisor and a veteran of World War II.

Mrs. Newton was a member of the Veterans of Foreign Wars at Weatherford and a member of the Overton Masonic Lodge.

Funeral services were held at 2 p.m. Monday in the chapel of Marek-Burns Funeral Home, with Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

He is survived by his wife, Mrs. Frank Newton of Weatherford; his mother, Mrs. W. O. Newton of Cameron; and one brother, Joe Newton of Waco.

Palbearers were Bill Newton, Henry Siebman, Lee Marek Jr., Dick Hughes, Ray Lester and Rufus Boecker.

## A Question Of Both . . .

You see there's this sport basketball.

For almost 40 years, it bore little winning resemblance to its big brother in Cameron, football.

And then it exploded in one night with one basket in one second, and left gridiron fans grasping for comparison to the district finale over Round Rock, won 53-52.

The Herald is as pleased as Ron Murdock, his 12 varsity players, the ecstatic fans who smothered the Yoemen last Friday night.

The Herald has long held that Cameron sells itself short in thinking as a one sport town. Indeed, all that is changed, irrevocably, and undoubtedly with the endorse-

ment of avid gridiron fans.

It has been demonstrated that a Cameron football team can be a district contender and that a basketball team can win in one season. And it is demonstrated that Cameron is still a football town, but it is also a basketball town and track town and a baseball town, and an individual sports town.

Like so many other things this day, it is no longer a question of "either or." It is a question of both.

You have a lot "more going for you" with the athletic program Cameron is now afforded with basketball like Yoe High School is playing it, reintroduction of baseball and continued success in football and track.

## Fantastic Hokum About Youth

"The idea that there is a generation gap is not totally false, perhaps. But it is false enough, false in the sense of being overblown, oversimplified, sentimentalized."

So writes Joseph Adelson, professor of psychology at the University of Michigan, in the New York Times Magazine. He goes on to say that perhaps he has stated his case too strongly, but his general thought seems quite true. The amount of hokum built up about "the young" these days is fantastic; it is as though a general hysteria about youth has swept through the nation, not unrelated perhaps to that notion of Vice-President Agnew's that the United States is succumbing to a national masochism. At any rate much of the public has come to believe the most outlandish things about "the young."

Supposedly, youth is engaged in some mass rejection of parental values. Mr. Adelson finds, however, that this is the exception rather than the rule. "Radical activists are for the most part the children of radical or liberal-left parents. . . the most conservative youngster we interviewed was the daughter of a leader of the John Birch Society. . ."

Supposedly, too, the uprising is a mass movement. Far from it, Mr. Adelson says. He finds the most visible segment is mostly an upper middle-class phenomenon, with radicalism confined mainly to the elite schools. This is not to suggest the phenomenon isn't interesting and noteworthy, it is just to say that it ought to be kept in perspective.

Further perspective comes from a study by Urban Re-

search Corp., a private organization that looks into various social trends. It shows that in 232 campuses studied there was no destruction or violence in 76 per cent of protests; ultimatums were presented in only 13 per cent; the Vietnam War and the military influence were the subject of protests in only about 25 per cent with race or "student power" issues the leaders, and demands for student control in only 8 per cent. The New Left was active in about 28 per cent of the campus protests, but, the report said, "when they did participate the style and form of their rhetoric and behavior tended to gain much wider public attention for the protest than when they did not participate, as their participation was more likely to produce disruption."

While it is mainly the children of the upper middle class that are involved in the "rebellion" that is attributed, falsely, to all the young, far from all upper middle-class youngsters are involved. One family may have one kid on the "hippie" side, one on the "square" side but no stranger to pot (contrary to the stereotype that drugs radicalize), and another totally indifferent to the whole scene and immunes in a not particularly square career.

In short, "youth" is no more monolithic than any other age group, consisting of many individuals of widely varying views. Perhaps this is obvious--it ought to be--but an amazing lot of supposedly informed commentary says otherwise.

## Medicaid Payments Cut; Shortage Of Funds Told

AUSTIN

By Vern Sanford

A sharp cut in welfare and medical assistance payments, to be effective April 1, was announced by the State Board of Public Welfare.

Board said the unprecedented increase in assistance rolls, the decrease in federal medical aid funds and the constitutional spending ceiling required an average \$11 a month cut in the Aid to Families with Dependent Children program and a 20 per cent slash in Medicaid.

Board member Louis R. Sarazan of Fort Worth said there is no alternative.

Sarazan and board member W. Kendall Baker of Houston warned that further cuts may be in the offing before the end of the fiscal period next year.

Board ordered the lowering of AFDC payments from 75 per cent to 66 per cent of budget needs. Average AFDC family now draws \$120.37 a month. Reduction would reduce this to \$109.54.

Earliest and loudest protest came from Texas nursing home operators who claimed Medicaid outlay shrinkage would put 95 per cent of them out of business.

Texas Nursing Home Association termed the situation a "crisis" proportions and urged Gov. Preston Smith to take immediate action to summon lawmakers into special session for emergency appropriations.

Texas Medical Association charged the federal government has "promised more than it can deliver" in the health care area and is, in effect, asking providers of services to take a loss.

LAND PROGRAM FOLDS

Texas' 20-year-old veterans land program has folded. Through it more than 41,000 Texas veterans had purchased land under low-interest, long-term-pay provisions. It was a victim of high interest rates.

Veterans land board said that since the prime interest rate has been raised to eight and a half per cent, veteran's bonds, with a constitutional four and a half per cent ceiling, simply could not continue to attract investor capital.

More than 1,000 applications on file will be processed, but no more can be accepted until the interest rate binds easier.

COURTS SPEAK

An insurance company can be required to foot the damage bill for accidents that occur before a policy is actually written--if the contract already had been made without either applicant or company knowing of a loss, or an impending loss--the Supreme Court has held.

Supreme Court told a Dallas trial court that it should not have granted summary judgment against a couple suing General Motors Corporation on a claim that a faulty balljoint unit on a pickup truck caused an accident in which a woman was injured. Trial court held there was no defect.

In a divided verdict, the High Court held that Austin contractors cannot collect another \$17,000 which all parties agreed is due them over and above the \$664,888 contract for library and science building additions at Southwest Texas State University in San Marcos.

Third Court of Civil Appeals held fast on its January 21 ruling invalidating the Alcoholic Beverage Commission's proposed tough rules for private drinking clubs, including guest card restrictions.

ANTIQUITIES RULES

State Antiquities Committee, charged with regulating those who dig for historic treasures in the state, has set its rules and issued its first permit.

Rules require that any person or group seeking to excavate or salvage an archeological historical site obtain a permit from the Committee. Supervision by a trained archeologist, recording and publication of results and a scientific manner of working are the major points stressed in the rule.

Committee deleted from its rules a proposal that beachcombers and arrowhead hunters would have to get state permits. They will, however, be required to make reports on their discoveries. Explorers would be required to stop work immediately once a permit is cancelled.

First permit went to the Lower Plains Archeological Society for a salvage project at Big Spring. West Texas State University has agreed to sponsor the project.

COLLEGE MONEY

Coordinating Board, Texas College and University System has voted to cut back on requests for increased higher education funds.

Board adopted a four per cent faculty salary increase for the

## OLD PHILOSOPHER

Dear editor:

Generally speaking, I'm always in favor of whoever's President of our country or my bank, figuring both do the best they can with what they've got to work with, so I sat up and cheered -- I figure you can cheer just as well sitting as standing -- when President Nixon announced he's declaring war on pollution.

Consequently I wasn't prepared when a neighbor came by and asked me if I'd read everything he'd said about pollution. "Mostly the headlines," I said, I didn't figure a man had to memorize all the streams and lakes and cities now polluted in order to endorse the idea of cleaning them up. A war on pollution is a war on pollution and you leave the details to the generals.

"You should have read it all," he said, straightening up a fence post he'd been leaning against. "He said pollution is not only a national problem, it's a local problem. Said everybody ought to start with his own premises, make everything tidy and ship-shape. When you gonna re-build this fence? Is that a 1918 or 1920 car chassis grown up in weeds over there? If that barn of yours sags a few more feet to the north without falling over it's gonna become a tourist attraction."

"He went on like this for several minutes when I got up and walked off, saying some people read too much."

The trouble is, he had a point, and I got no peace of mind until I ran across an article in a newspaper which I picked up in my driveway as a first step in the anti-pollution war.

1972-73 biennium. But this was below the 7.9 per cent increase recommended by the Board's staff and the 8.1 per cent increase requested by the institutions.

Staff asked for \$206.3 million more for state senior colleges over the biennium, apart from salary increases. Board approved \$166.8 million in additional funds.

STATE KINDERGARTEN

Texas Education Agency has begun working out the details of setting up state-supported kindergarten programs in all Texas public schools. Last Legislature authorized implementation of the program in a stair-step approach over the next seven years, with under privileged children having first chance.

TEA said the major problem is finding 1,500 kindergarten teachers for the 1970-71 school year and 7,000 teachers by 1977-78. They estimate it will cost the state \$10 million the first year to implement the program.

According to it, the government is furnishing the money in some cases to plant shrubbery around unsightly junk yards along the main highways. If you can't get rid of the old cars, hide them.

I have reviewed the situation on this Johnson grass farm from one end to the other and have decided it would be easier and cheaper to comply with the anti-pollution drive by just planting shrubbery around it. This way me and the government could both go about our way in peace. Please advise where you apply for funds for this. We've got to get this country in shape.

Yours faithfully,  
J. A.

## R'bud - Lott Board Elects Bates Supt.

Rosebud School Superintendent Billy Bates was elected superintendent of the Rosebud, Lott Consolidated Schools and Nelson Malcik of Rosebud was elected president of the new consolidated school board at a meeting of the former Rosebud and Lott school boards.

Superintendent B. A. Pierson of Lott was named assistant superintendent of the consolidated district.

Other board officers elected at the organization meeting are M. L. Jenkins of Lott, vice president and James Bell of Rosebud, secretary. Members are A. T. Garrett and Dowell Hailey of Rosebud, Gary Connors and Calvin Prince of Lott.

Board members will meet with architects and engineers on plans for the new high school plant at Travis.

JOB PROJECT LAUNCHED

New public service careers project seeks to open job opportunities in government to disadvantaged Texans and upgrade skills of state employees.

Governor Smith asked 12 key state agencies to cooperate, emphasizing a mutual policy of non-discrimination regardless of racial backgrounds or sex.

U. S. Department of Labor training funds are sought for Texas.

Smith expressed concern that over one fourth of the state's employees are separated from their jobs each year, while the positions remain vacant for months and half a million Texans seek work opportunities.

MRS. DON WILLIAM TEPERA

## Miss Hanel Is Bride Of Mr. Don W. Tepera

Miss Deborah Ann Hanel and Don William Tepera were married Saturday afternoon at St. Monica's Catholic Church.

The Rev. Emilian Foltyn officiated at the double ring ceremony. Nuptial music was provided by Mrs. Frank M. Hanel.

The bride is the daughter of Mr. and Mrs. Anton Hanel and the granddaughter of Mr. and Mrs. Richard Hollas and Mrs. Frank J. Hanel. She is a graduate of Medina Valley High School of Castroville.

Parents of the bridegroom are Mr. and Mrs. Ben Tepera. He is a graduate of Yoe High School and is presently in the service, stationed at Kelley Air Force Base in San Antonio.

The bride was given in marriage by her parents. She wore a formal silhouette of peau de soie veiled in lace. The gown, designed and created by the bride and her mother, was adorned with delicate seed pearls on the lace scalloped neckline, sleeves and hemline.

Extending from a high pleat, the full-train was accented with a satin bow and wide sash.

Her elbow-length veil of bridal illusion fell from a headpiece of satin roses and petals enhanced with seed pearls. She carried a cascade of white carnations centered with an orchid.

Miss Pam Pearce of El Campo was maid of honor and Mrs. Johnnie Elsenberg was matron of honor. Attendants were Mrs. Thomas Hanel, Miss Becky Hanel, sister of the bride, Miss Janel Tepera, sister of the bridegroom, Miss Cathy Greene, Miss Kathy Reininger and Miss Pat Hollas.

Teresa Tepera and Teresa Tepera were flower girls.

Michael Hanel, brother of the bride, was best man and groomsmen were Johnnie Elsenberg, Thomas Hanel, brother of the bride, Bill Sharp, Van Shuffield, Sammie Wallace, Gary Poock and Jerry Carr.

Ring bearer was Darren Tepera.

Miss Annie Lesikar registered guests at the reception in Simon-George Hall.

Members of the houseparty were Misses Judy Hollas, Renee Ligon, Carla Kusenberger, Deborah Fleeger, Vanesa Glaser, Teresa Wise and Alma Houston.

1969 FOOTBALL SWEETHEART Cindy Nig-liazzo is a Yoe High School sophomore and a twirler in the Yoe High Band. She was

named sweetheart during the Booster Club banquet Monday night.

## Gardeners Hear 'Good News In Horticulture'

The members of the Civic Garden Club held their regular monthly meeting Thursday at the home of Mrs. J. E. Crook. During the social hour the hostess served banana nut bread with coffee. Mrs. Lawhorn was a special guest.

Mrs. W. E. Falkner, club president, presided for a short business meeting. Plans were made to attend the District V, Texas Garden Clubs, Inc. meeting which will be held in Bryan at the Ramada Inn on March 12 with the Bryan garden club as the hostess group.

The program for the day was "Good News In Horticulture" and was presented by Mrs. Sam B. Houston, a student nationally accredited flower show judge. In introducing her program she stressed that a number of scientific terms relating to horticulture must be understood and listed the following:

Systematic Botany - Study of identification and relationship of various species of plants

A. Systematic Botany - Study of B. Embryology - Study of growth and changes in structure of plants

C. Morphology - Study of plant structure

D. Plant physiology - Study of plant functions

E. Ecology - Study of relation of plants to the world in which they live

F. Geology - Study of rocks of which all soils are made

G. Meteorology - Study of soil mechanism

H. Soil Chemistry - Study of soil mechanism

I. Pedology - Study of soil making process

J. Soil Biology - Study of organisms that complicate soils

Mrs. Houston related her presentation to showing horticulture in a flower show. A good garden clubbers objective is to plant, grow and show and with this aim to produce the best exhibit possible of a given species.

She said the schedule of the show is the law and governs what is shown. It will also determine if unusual or hard to grow entries will be made and the quality of the horticultural exhibits will be greatly increased if the person writing the schedule is a well informed horticulturist.

Mrs. Houston stated that the best horticulturist in the club should serve as classification chairman for the show in order that all entries are correctly labeled and directed to the proper sections for placement.

At the conclusion of her discussion, Mrs. Houston judged a number of horticultural specimens which members had brought from their gardens. She noted the good qualities and deducted points for weaknesses in a given specimen comparing to what could be expected in more perfection of the species or variety of that plant.

ENGAGED - Mr. and Mrs. Thomas Olson of Rosebud announce the engagement of their daughter Carol Ann to Mr. Charles Wallace Ellison, son of Mr. and Mrs. R. W. Ellison of Rosebud. A June wedding is planned.

## PUPPETRY, POISE, DRAMA, DANCE CLASSES SLATED

The Temple Cultural Activities Center has announced the formation of seven new classes.

The classes will be: Teenage Poise, Mrs. James Roeder instructor; Adult Puppetry, Fred Goodson, resident director of the Temple Civic Theatre, instructor; Conversational Spanish, Mrs. Ed Foster instructor;

## PLEASURE PROFIT CLUB MEETS WITH MRS. JACKSON

Pleasure and Profit Club met in the home of Mrs. Bartow Jackson on February 12.

Mrs. Jackson served a congealed cherry salad topped with whipped cream and chopped pecans; Cheese roll; Ritz crackers; Olives; Roasted Pecan halves and Coffee. Ten members were present and one visitor, Mrs. W. M. Price.

Mrs. Jackson brought the program "Links of Progress In Our Churches", beginning with the Presbyterian Church. She said this Church now operating under two bodies, the Deacons, and Elders, would eventually be changed to one body, "The Session". Those serving would be titled "Elders", thus increasing efficiency of operation and reduce duplicating effort.

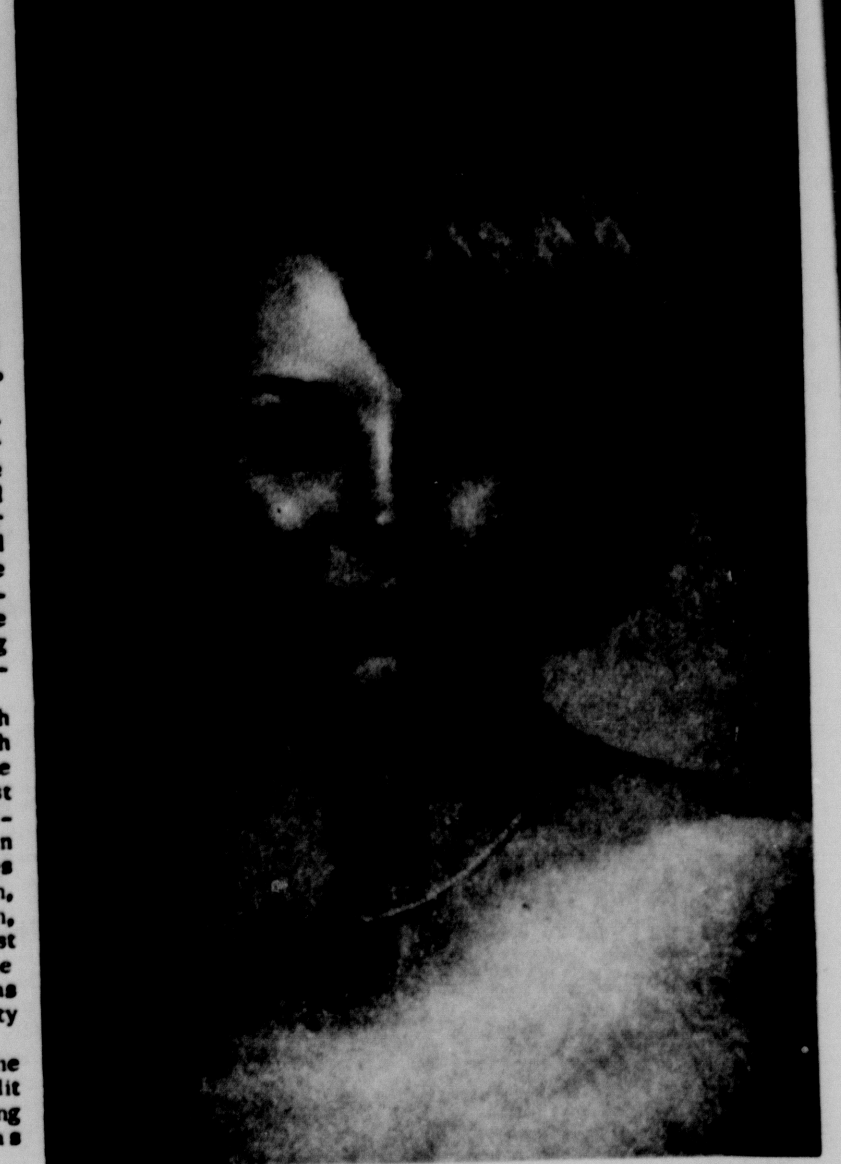

The United Methodist Church was born in England in the 19th Century, and grew under the guidance of John Wesley. First Conference of Methodist preachers held in London, England in 1744. In 1939 the three bodies of the Methodist Church, North, South and Evangelical Reform, joined to form "The Methodist Church". Then in 1968, the United Methodist Church was born; a big step toward unity and progress.

A modern step toward one change in the church is the Credit Card Tithing which is now being used in one of the Dallas churches.

The origin of the Baptist Sunday School was discussed and the great challenge which is now being faced by this division of the Church. The plan suggests four divisions in the Sunday School, Pre-school group, ages up to 5, Children's Division, (6-11), Youth Division, (12-17) and the Adult Division, each to be sub-divided as needed.

"Since the early beginning of the Church in New England in 1674, the demands of the church have been met by changes and progress of the times," Mrs. Jackson said.

The Catholic Church was first served in the private home of the David Meyer's in 1883. Their first church was constructed in 1885. St. Anthony was built in 1902, and later St. Monica, the church showing progress and changes as each new structure was built.

MARRIAGE ANNOUNCED - Miss Sandra Gail Waddle, daughter of Mrs. Betty Waddle and the late Donald E. Waddle of Kosse, became the bride of Don G. Mitchell, son of Mr. and Mrs. John H. Mitchell of Cameron on January 24 at the home of the bride's mother. The couple is making their home at College Station where the groom is attending Texas A&M University.

# Yoe-Yoes Snare R'dale Tourney

Cameron Junior High School Yoe-Yoe's closed out their 1969-70 basketball schedule Friday night by winning the Rockdale Junior High Tournament.

Both the seventh and eighth grade squads took part in the tourney, with the seventh grade winning the consolation in their bracket.

In the eighth grade division it was Cameron all the way. The Yoe-Yoes opened with a 66 to 56 win over Taylor which set them up for the championship match with Rockdale.

John Barron paced the Cameron five with 27 points and Glendings had 13 for the Taylor cause. Taylor later met Hearne and won the consolation spot.

Cameron battled Rockdale in the final event of the evening, and came out victorious by a close 48 to 42 margin to gain the championship. Cameron's David Hollas matched Spence of Rockdale with 18 points for the scoring crown.

In the first contest for the seventh graders Cameron dropped a 37 to 29 decision to host Rockdale.

The Yoe-Yoe's Obra Henry netted 16 points for scoring honors, and Rockdale's Peebles had 10. Rockdale went on to defeat Taylor for the seventh grade championship.

## comfort is only one reason to switch to electric heat

Whether you're building a new home or updating your present one, you'll find that an electric heating system will provide even, draft-free comfort. But comfort is only one reason to switch to electric heat. Many people prefer electric heat because of its cleanliness, its quietness, its efficiency. And, electric heating systems require a minimum of maintenance. Only electric heat offers you such a wide variety of types of heating equipment to fit your particular need.

Contact your home builder, a Certified Electric Heating Dealer or ask Texas Power & Light Company to give you complete information about an electric heating system for your home and tell you about TP&L's special, low heating rate. Call today.

Hearne found the going rougher when they faced the Yoe-Yoes in the consolation match and wound up on the short end of a 32 to 28 score. Henry again took scoring honors, chipping in 12 this time. Anderson was high man for Hearne with 8. Seventh graders Obra Henry and eighth graders John Barron and David Hollas were the three Camerons making the All Tournament Team.

Coach Morgan said his boys displayed the best team effort of the entire season in this tourney. He also is looking forward to a very productive track season, which starts today.

## Your Serviceman

ALLEN DODSON JR.

INCIRLIK, Turkey  
U. S. Air Force Captain Allen E. Dodson Jr., son of Mr. and Mrs. Allen Dodson of Cameron, has arrived for duty at Incirlik AB, Turkey.

Captain Dodson is a supply officer with a U. S. Air Force support unit. He previously served at Charleston AFB, S.C. The captain, who has served in Vietnam, is a 1959 graduate of Yoe High School and received a B.A. degree from North Texas State University. The Sigma Phi Epsilon member was commissioned upon completion of Officer Training School at Lackland AFB, Tex.

CAMERON NATIVE IS WORD VP  
Bennie J. McDonald has been appointed vice president for finance for Word, Inc. of Waco. A native of Cameron, McDonald is a Yoe High graduate.

McDonald joined the Waco publishing firm on Feb. 1, coming from Orange, where he was executive vice president, trust officer and a director of County National Bank.

He is the son of Mrs. L. C. Angell, now of Houston. He received a BBA degree from the University of Texas, graduating with honors in 1957, and attended the Southwestern Graduate School of Banking at Southern Methodist University.

At Word, McDonald will supervise the accounting department and the computer center, and will be involved with financial planning for the company as a whole.

Farmers received an average of 40 cents of each dollar consumers spent at retail for U.S. farm produced food in Jan. - March 1969. The farmer's share depends both on the prices he receives for his products and the costs of marketing them. The more marketing services, the greater the cost. When the consumer spends a dollar on food at the grocery store, he is buying 40 cents worth of products and 60 cents worth of marketing service.

# TOWN and COUNTRY

## Class Favorites Named For Eagle

Annual favorites have been named in the Rogers Elementary and Junior High Schools for 1969-70.

In junior high the favorites are, Mrs. Ada Jean Cowen's sixth grade, Jane Wilde and Richard Sebesta; Mrs. Bobbie Sue Petrick and Mrs. Bennie Harris' seventh grade, Connie McMillan and Russell Psenick; and Mrs. Ernestine L. Powell and Mrs. Johnnie Mae Martin's eighth grade, Dixie Lawson and Bobby Henson.

CHOIR TO SING  
About 15 members of the Temple Junior College choir will sing in the junior college all-state choir in Austin Feb. 20.

Rural Hero Award Open  
Texas is looking for a rural hero. This person will receive the Texas Farm and Ranch Safety Council's Rural Heroism Award during the Texas Safety Association meeting, March 23 in Dallas. The award is presented annually to a deserving person, living in a rural community of 2,500 or less, who has risked personal life or injury in performing a heroic act.

While it specifically honors one individual for exceptional bravery at a time of crisis or disaster, the safety program points up this highly important objective: the continuing need for improved safety conditions in rural areas -- at work, at home or play.

The award may go to a person credited with pulling another from a flaming building, saving a drowning person or any other such feat of heroism. Anyone knowing of the performance of such an act during the past twelve months is urged to submit a nomination for this important award.

Nominations should include a narrative of the heroic incident, giving complete details. It should include the names of all persons involved, and should be accompanied by clippings and pictures if they are available. The award recipient will be chosen by a panel of judges, based on the material submitted by the nominee.

Deadline for entries is March 15. They should be mailed to: Rural Heroism Awards Committee, Texas Farm and Ranch Safety Council, P. O. Box 489, Waco, Texas 76703.

Alcoa To Expand Point Comfort Plant

PITTSBURGH, Pa. Aluminum Company of America announced today it will expand capacity of its alumina plant at Point Comfort, Texas, from 900,000 tons a year to 1,080,000. Construction of the multi-million dollar unit -- Point Comfort's fifth -- is to be in the spring with initial output scheduled for the summer of 1971. The plant refines bauxite from Alcoa mining operations in the Dominican Republic, Jamaica and Suriname. The resulting alumina is used to produce aluminum at Alcoa smelters in Point Comfort and Rockdale, Texas, and elsewhere.

Whether you're building a new home or updating your present one, you'll find that an electric heating system will provide even, draft-free comfort. But comfort is only one reason to switch to electric heat. Many people prefer electric heat because of its cleanliness, its quietness, its efficiency. And, electric heating systems require a minimum of maintenance. Only electric heat offers you such a wide variety of types of heating equipment to fit your particular need.

Contact your home builder, a Certified Electric Heating Dealer or ask Texas Power & Light Company to give you complete information about an electric heating system for your home and tell you about TP&L's special, low heating rate. Call today.
